

California Good Ag Neighbors: The Produce-Livestock Interface Workshop

MEETING OVERVIEW

Dates/Times	Meeting 1: Tuesday, June 11, 2019, 9:00 AM to 4:00 PM Meeting 2: Thursday, June 13, 2019, 9:00 AM to 4:00 PM
Location	Meeting 1: UC Desert Research and Extension Center, 1004 East Holton Rd., Holtville, CA Meeting 2: Robert J Cabral Agricultural Center, 2101 E. Earhart Ave., Stockton, CA
Desired Meeting Outcomes	<ol style="list-style-type: none"> 1. Get local and statewide livestock & fresh-produce food safety concerns on the table and ready for productive discussion. 2. Increase the mutual understanding of the two industries about the regulatory frameworks they face. 3. Raise awareness about recent outbreaks among all stakeholders. 4. Bring forward the most current science about management of livestock and fresh produce operations in close physical proximity to optimize food safety. 5. To identify research and outreach priorities from affected parties.

AGENDA

TIME	ACTIVITY	PRESENTER
8:30 AM	Registration/Doors Open	
9:00	Convener's Welcome	Natalie Krout-Greenberg
	PI's Welcome	Michele Jay-Russell UCD Michael Payne UCD
	Facilitator's Welcome	Joseph McIntyre
The Issues on the Ground: Perspectives from the Livestock and Fresh Produce Industries		
9:15	A Dialogue with Two Industry Leaders	Justin Oldfield, CCA; Hank Giclas, WGA (Holtville workshop) Dan Sutton, LGMA (Stockton workshop) Joseph McIntyre, Moderator
	Perspectives from the grassroots: town hall	Moderator
Progress on the Ground		
	Results from The Beef Food Safety Workshop in Imperial Valley	Rob Atwill UCD, (Holtville workshop) Gaby Maier UCD, (Stockton workshop)
10:15/15	<i>BREAK</i>	
The Regulatory Environment Facing Livestock and Fresh Produce Operations		
10:30	Livestock Operations: Air, Water, and Manure Controls	Michael Payne, UCD (Holtville workshop) Paul Sousa, WUD (Stockton workshop)

		CalRecycle TBD (CDFA invited)	
	Fresh Produce: FSMA & CDFA's Produce Safety Program Leafy Green Marketing Agreement Requirements	Steve Patton, CDFA Mike Villaneva, LGMA	
	Audience dialogue and Q & A	Moderator	
What We Know Today: The Science Perspective			
	Understanding Outbreaks Response: Rapid Response Teams: & Case Studies from Recent Incidents	Mike Needham, CA Dept. Public Health	
	Audience dialogue and Q & A	Moderator	
12:00	LUNCH BREAK		
12:45	The Latest Research: Livestock/Produce Interface Risk Factors	Michele Jay-Russell	
	Applying the Research: Managing Risks, Set Back Distances, Mitigation Strategies, and Metrics	Trevor Suslow PMA/UC Davis	
	Audience dialogue and Q & A	Moderator	
	Research in Postharvest Safety in the Livestock Industry: Lessons Learned	Keith Warriner University of Guelph	
	The Emerging Future: New Technologies for Fresh Produce to Reduce Pathogens After Harvest	Paul Moyer Moyers Apple Products	
	Audience dialogue and Q & A	Moderator	
	Audience dialogue and Q & A	Moderator	
Where Do We Go From Here?			BREAK
2:15	What tools, information, or research do you need to manage your operation to minimize food safety risks?	Moderator & Attendees	
2:30	What may be some creative, local methods to manage ag operation adjacency in your area to minimize food safety risks?	Moderator & Attendees	
2:45	How can we build a more effective ongoing dialogue between fresh produce and livestock operations around food safety?	Moderator & Attendees	
	PI's Closing	Michele Jay-Russell Michael Payne	
	Closing Perspective	Natalie Krout-Greenberg	
4:00	Adjourn
